

CALL FOR PAPERS

COMPUTATIONAL SYSTEMS BIOINFORMATICS

CSB2007

AUGUST 13 -17, 2007 SAN DIEGO, CALIFORNIA

You are invited to submit papers to the 2007 Life Sciences Society Computational Systems Bioinformatics Conference (CSB2007). The conference's goal is to facilitate exchange of ideas and collaborations between computer scientists and biologists by presenting cutting-edge computational biology research findings. Such research has an interdisciplinary character. Computer science and mathematical modeling papers must contain a concise description of the biological problem being solved, and biology papers should show how computation or analysis affects the results. Topics of interest include (but are not limited to):

- Translational Research
- Metagenomics
- Drug Discovery
- Chemical Genetics
- RNAi
- Bioenergy
- Microarray Data Analysis
- MicroRNA
- Pathways, Networks, Systems Biology
- Biomedical Applications
- Biological Data Visualization
- Protein Structures and Complexes
- Biological Data Mining
- Pattern Recognition
- Microbial community analysis
- Mathematical and quantitative models of cellular and multicellular systems
- Synthetic Biological Systems
- Sequence Alignment
- Evolution and Phylogenetics
- Functional Genomics
- High Performance Bio-Computing
- Comparative Genomics
- SNPs and Haplotyping
- Promoter Analysis and Discovery

Full papers are limited to 12 pages, single-spaced, in 12-point type, including title, abstract (250 words or less), figures, tables, text, and bibliography. The first page should give keywords, authors' postal and electronic mailing addresses. Papers must not have been previously published and must not be currently under consideration for publication elsewhere. Papers will be submitted electronically in MS Word, postscript or PDF format.

The conference will also accept short papers, limited to four pages. These papers should describe new research activity in which a complete set of results may not yet be available. Full and short papers will have 25 and 15 minutes, respectively, of presentation time. Paper submissions can be made at the site <http://csbl.bmb.uga.edu/conference/CSB2007/webconf/>

Medline indexes papers appearing in CSB Proceedings. A select subset of accepted papers will be invited to publish an extended version in the Journal of Bioinformatics and Computational Biology. The Best Paper will be selected by the program committee and announced at the awards ceremony.

Additional information will be posted at <http://www.LifeSciencesSociety.org> as it becomes available.

Important Dates:

- **NEW SUBMISSION DEADLINE: April 2, 2007**
- Paper acceptance decision: April 30, 2007
- Final revised draft due to publisher: May 20, 2007

Send e-mail enquiries to CSB2007@LifeSciencesSociety.org. Information about poster submissions and tutorial proposals will be posted at <http://www.LifeSciencesSociety.org>

Program Committee

Tatsuya Akutsu, *Kyoto University*
Phil Bourne, *University of California San Diego*
Jake Chen, *Indiana University*
Amar Das, *Stanford University*
Chris Ding, *Lawrence Berkeley Laboratory*
Roderic Guigo, *IMIM, Barcelona*
Tao Jiang, *UC Riverside*
Lydia Kavraki, *Rice University*
Hoong-Chien Lee, *National Central University, Taiwan*
Ann Loraine, *University of Alabama*
Peter Markstein, *in silico Labs, Co-Chair*
Satoru Miyano, *University of Tokyo*
Sean Mooney, *Indiana University*
Jan Mrazek, *University of Georgia*
Isidore Rigoutsos, *IBM TJ Watson Research Center*
Andrey Rzhetsky, *Columbia University*
Hershel M. Safer, *Weizmann Institute of Science*
Victor Solovyev, *Royal Holloway, University of London*
David States, *Univ of Michigan*
Anna Tramontano, *University of Rome*
Olga Troyanskaya, *Princeton University*
Alfonso Valencia, *Centro Nacional de Biotecnologia*
Eberhard Voit, *Georgia Tech*
Limsoon Wong, *University of Singapore*
Ying Xu, *University of Georgia, Co-Chair*
Aidong Zhang, *SUNY Buffalo*
Michael Zhang, *Cold Spring Harbor Laboratory*
Xianghong Jasmine Zhou, *USC*
Yaoqi Zhou, *Indiana University*
