

Life Sciences Society presents

CSB2010

16 – 18 August
Stanford University
www.csb2010.org

9th Annual Computational Systems Bioinformatics Conference

Invited Speakers

Sandrine Dudoit *UC Berkeley*
Reece Hart *UC Berkeley*
Serge Saxonov *23andMe*
Mike Snyder *Stanford University*

Panel Discussion: Biomedical Informatics at the NIH Clinical and Translational Sciences Institutes

Kent Anderson *UC Davis*
William K. Barnett *Indiana University*
Michael Kamerick *UC San Francisco*
Henry Lowe *Stanford University*
Hien Nguyen *UC Davis*

Tutorial Topics

- **Asking Translational Research Questions Using Ontology Enrichment Analysis**
- **Systems Biology in Epigenetic Regulation**
- **Bioinformatics Workflows on the Cloud with Unipro UGENE**
- **Integrated Genomic Analysis and Visualization Using the UCSC Cancer Genomics Browser**

Podium Presentations

25 critically reviewed papers

Posters

~50 posters on cutting-edge topics

You're invited to CSB2010, an intimate and highly interactive meeting where computational approaches tackle biological problems...on the beautiful Stanford campus. Register NOW at www.csb2010.org. We look forward to seeing you! – CSB2010 Organizing Committee
